Dear 6th, 7th and 8th Grade FMCA Families,

To help our students stay organized throughout the school year, we recommend using the following color-coding system for folders and notebooks whenever possible. These colors are recommended but not required. Using a consistent color-coding system helps students stay organized throughout the school year.

Subject	Recommended Color
Bible	Purple
Math	Blue
English/Language Arts	Red
Science	Green
History/Social Studies	Yellow
Art	Pink

If you are unable to find a particular color, any solid-colored folder or notebook is perfectly acceptable. We simply encourage families to follow this guide whenever possible to help students stay organized.

Thank you for partnering with us as we prepare for a successful school year!
